_____

Pragati the "N" Power French learning courses are designed by some of the most experienced and expert French scholars to serve language learners of all age groups. With class offerings ranging from the beginning level rising to the most advanced ones, we can provide a long-term result-oriented study, prepare aspiring French speakers for overseas travel, and train youngsters to interact fluently with French speakers and in French environments.

We can also make it possible for the students to get private lessons in-person if they have issues traveling to our training facility which is located in the heart of the Indian capital. At Pragati, students are given individualized attention and a study program which is tailored especially for their needs. We put our learners at ease while challenging and stimulating their sample conversions and their learning attitude.

From the very beginning of the **French learning course in Delhi** , we encourage students but never pressurize them to exceed our expectations – learning in a free environment without the pressure to learn and perform help the students in practicing the new language and perfecting their pronunciations. The students are put under the guidance of native French speakers.

All the **Best French Language Institute in Connaught Place & Delhi NCR** , we give all the students who enroll in our classes with free study material which enables them to study at home without worrying about the class schedule.
